(b) if so, the details of forest guards guarding various forests with the type of basic facilities provided to them?

THE MINISTER OF STATE IN THE MINISTRY OF ENVIRONMENT AND FORESTS (SHRI NAMO NARAIN MEENA): (a) and (b) Generally, there is a shortage of frontline staff and also of equipment and other facilities for the staff. It is a fact that due to lack of basic facilities, the forest guards find it difficult to confront armed poachers. Forest guard, the grass root level functionary of the forest department is not equipped with adequate transportation and communication facilities to effectively and efficiently protect the forests. Ministry of Environment and Forests is implementing a Centrally Sponsored Scheme, Integrated Forest Protection Scheme to provide financial assistance to State Governments for upgrading the infrastructure and basic facilities like communication, mobility and buildings etc. to improve the efficiency and effectiveness of forest staff including forest guards in the matter of protection of forests and wildlife.

Diversion of forest land to Government departments

1871. SHRI RAVULA CHANDRA SEKAR REDDY: Will the Minister of ENVIRONMENT AND FORESTS be pleased to state:

(a) whether Government have allowed diversion of forest land to Government departments for developmental projects and providing public utility facilities;

(b) if so, the details of such land diverted especially in Andhra Pradesh, and the purpose thereof;

(c) whether Government have taken the conservation measures at the same time, and

(d) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF ENVIRONMENT AND FORESTS (SHRI NAMO NARAIN MEENA): (a) and (b) Ministry of Environment and Forests approves diversion of forest land under Forest (Conservation) Act, 1980 for non-forestry activities including developmental projects executed by Government departments. 14 developmental projects of Government departments have been approved under the Act in Andhra Pradesh during last three years. The details of forest land diverted in respect

of developmental projects executed by Government departments in Andhra Pradesh for providing public utility facilities in last three years given are given in the enclosed Statement (See below).

(c) and (d) Raising of compensatory afforestation is stipulated in proportion to extent of forest land diverted for conservation of forest cover. In addition, stipulation of implementation of catchment area treatment plan, wildlife management plan and mine rehabilitation plan is also prescribed on case specific basis.

Statement

Diversion Of Forest Land To Government Departments
